Board Goals for 2015-2016

- *Over the course of the 2015-2016 school year, the Board will work towards having a working knowledge of the Educational Quality Standards and how they relate to our work here at Blue Mountain.*
- *Over the course of the 2015-2016 school year the Board will work to navigate Blue Mountain through the process of complying with ACT 46, with the goal of working with a partner district/s towards the creation of articles of agreement by the end of the school year. The Board will also work with the community, staff, and students to involve them in the decision making process through a variety of means.*

"What's best for the community is a good school, one that has a good reputation. What is best for the kids is a good school." –Dr. Rowe
